

TERMS AND CONDITIONS

III. INSPECTION

A. The Company will be obligated to provide Electric Service to an Applicant only when the following conditions shall have been complied with:

1. The Applicant's installation shall have been made in accordance with the Company's published Information and Requirements for Electric Service; and
2. The Company has received from the Applicant, or if the Company so elects, has obtained for itself a certificate signed by the local inspection authority having jurisdiction certifying that the wiring on the premises of the Applicant has been installed in compliance with the requirements of the Virginia Uniform State Building Code and any other requirements as may be imposed by a legally authorized authority having jurisdiction. All fees or other charges required to be paid in connection with the issuance of such certificates shall be borne by the Applicant. Where there is no such local inspection authority, the Company may require the delivery by the Applicant to the Company of an agreement duly signed by the owner and tenant of the premises authorizing the connection of the wiring on the premises to the Company's conductors and assuming all liability and risk which may result therefrom. Regardless of whether such an agreement is executed the Applicant by accepting Electric Service assumes all such liability and risk.

An inspection is not required by the Virginia Uniform State Building Code prior to reconnecting an inactive service.

B. Any changes in, or additions to, the original wiring, equipment, or appliances of an Applicant or Customer must be installed in compliance with the requirements of the Virginia Uniform State Building Code and such other requirements as may be filed by the local inspection authority having jurisdiction.

C. In no event shall the Company be under any obligation to inspect the wiring equipment or appliance of an Applicant or Customer.
