

*Of all forms of energy,  
it is the power of the human spirit  
that makes great things possible.*

The intersection of cultures that began along the banks of the James River in 1607 profoundly shaped our nation.

As we commemorate America's 400th anniversary, Dominion has committed more than \$1 million to The Trust for Public Land, the Jamestown-Yorktown Foundation, APVA-Preservation Virginia and others to help preserve the Jamestown site and the legacy it represents.

With this project and many others like it, Dominion is protecting our natural and historic resources for generations to come.

Image shown is from "Empires in the Forest: Jamestown and the Beginning of America," a new book by Avery Chenoweth and Robert Llewellyn, published by University of Virginia Press.

Dominion is one of the nation's largest energy companies.
